Mellon project

- Building on Samvera solutions to develop Avalon to make them more useful for the AAPB and with PBCore
- What commercial DAM systems support PBCore as a data schema?
 - ProTrack
 - John points out that any tool should be able to implement PBCore
 - MediaFlex does it
 - Al points out that all the vendors will say what they can do it
 - Collate documentation from people working with MAM systems to try to implement PBCore
 - Get a sense of who in the commercial community is using what MAM system and who to reach out to
- Where are there lists of data formats?
 - Would PREMIS be a good place for this?
 - Use cases for this? Rebecca Guenther, Morgan
- Other use cases?
 - Omeka tool – CONCRETE USE CASES
 - George Mason University
 - John – commercial MAM/DAM relationships
 - Specifications for what to ask for on how to include PBCore in your RFP
 - Ryan – Gates Foundation uses Cortex by OrangeLogic
